Title: FRSC 391 – Medicolegal Death Investigation
Credits: 3
When: Thursday 4-6:40pm
Instructors: Sanisha Bailey and Lara Newell
            Medicolegal Death Investigators of VA OCME
CRN: 37240

Prerequisites: Forensic Science students – FRSC 300 and CHEM 301
              Criminal Justice students – CRJS 320
              Anthropology students – ANTH 105/INT 104, ANTH 307, ANTZ 307, and FRSC/ANTH 310
              Minimum grade of C

Course Description:
This is a comprehensive lecture and hands-on course that will provide students with an overview of medicolegal death investigation. Students will be instructed on the principles of death and scene investigation to include homicides, suicide, child and infant deaths and various other types of deaths. At the end of the course students will be able to determine medical examiner authority and investigate and report on deaths.

Registration instructions:
Since this course is listed as FRSC 391, forensic science students can enroll as long as they meet the prerequisite requirements. Criminal justice and anthropology students that meet their respective prerequisite requirements should submit an override request via go.vcu.edu/frscoverride.
